Fayyum 'Recovery Day' initiative launched

'RECOVERY Day' is the title of an initiative launched recently by 'Life Saving Team' an affiliate of the charity Resala, in Fayyum Governorate. Their programme aims to treat eye diseases, distribute artificial limbs to a number of amputees and take part in blood donation campaigns.

An Entertainment Day was also organised for children in Fayyum Governorate which included medical information to raise awareness of the importance of early detection of diseases and methods for disease prevention.

The initiative further aimed at examining 10,000 patients. Medical specialists in pediatrics, orthopedics, ophthalmology and hematology are taking part. About 600 volunteers are involved in these campaigns.
