PRESS CLIPPING SHEET

Egypt to Host the Second Edition of the Egyptian Petroleum Show

Held under the patronage of his Excellency President Abdel Fattah El Sisi, President of the Arabic Republic of Egypt, and spearheaded by the Ministry of Petroleum and Mineral Resources and organized by DMG Events' global energy and ACG-ITF, EGYPS 2018 will be held at the New Cairo Exhibition Center, cementing Egypt's strategic position as a vital industry hub and offering participants a platform to transform tremendous potential into viable opportunity.

Minister of Petroleum Tarek El Molla noted, "EGYPS is well on its way to becoming a global industry lynchpin. The 2018 edition comes at a critical time during which we witness the redefinition of Egypt's energy sector. Egypt is currently accelerating all ongoing projects to bring all resources and discoveries together—and on-stream—as fast as possible. We are working to achieve gas self-sufficiency by the end of 2018, and thus resume exports using surplus. Egypt is steadfast when it comes realizing its ambitious goal of achieving its full petroleum potential by 2021, transforming the country into a regional hub for oil and gas. . . .EGYPS is an excellent platform to share our success story and drive it forward, supporting not only Egypt but the advancement of North Africa as we shed light on region-wide opportunities." El Molla added.

EGYPS 2018 is sponsored by worldwide petroleum leaders including Diamond sponsors Apache, BP, ExxonMobil and Shell, Platinum sponsor Kuwait Energy, Gold sponsor Schlumberger, Silver sponsor Halliburton and Bronze sponsor Total.
