

Orchidia Pharma 2019 sales expected to reach EGP 400 mn

Orchidia Pharma sales are projected to jump 33% to EGP 400 million by the end of the year compared with EGP 300 million in 2018. The drugmaker seeks to generate USD 5 million from exports this year versus USD 3 million last year, an increase of 66%. In 2020, the company will commence exports to Gulf states, chiefly Saudi Arabia, the UAE, and Bahrain.
